THOUGHTSCREST · FIXED ASSET MANAGEMENT

Asset360 - Fixed Asset Management System

A complete solution to manage the entire lifecycle of fixed assets - from acquisition through disposal. Built to improve accuracy, control, and transparency across your organization.

FULL LIFECYCLE COVERAGE | 5 BOOK DEPRECIATION | AUDIT-READY REPORTS | COMPLIANCE-FIRST DESIGN

ASSET CONFIGURATION & CATEGORIZATION

Structured Asset Organization

Asset360 organizes assets through **structured categorization**. Several categories support multiple sub-categories and configurable attributes - serial numbers, location, technical specifications, and maintenance information.

- Land & Property
- Plant & Machinery
- Furniture & Fixtures
- Vehicles & Transportation
- IT Assets
- Intangible Assets

DEPRECIATION MANAGEMENT

Robust, Flexible Depreciation Engine

Asset360 includes a **robust depreciation engine** with flexible scheduling, automatic journal entries, and support for **5 accounting books** (Financial, Tax, IFRS, and more).

- **SLM** Straight Line Method
- **WDV** Written Down Value
- **DDB** Double Declining Balance
- **UOP** Units of Production

ASSET LIFECYCLE MANAGEMENT

End-to-End Asset Traceability

Asset360 supports the **complete lifecycle** of an asset, ensuring traceability, audit history, and financial accuracy at every stage.

01	02	03	04	05
Acquisition & Registration Record new assets in the system	**Configuration** Set attributes and depreciation rules	**Depreciation Processing** Run periodic depreciation calculations	**Suspension or Adjustment** Adjust depreciation if required	**Disposal or Sale** Remove assets, account for profit/loss

KEY BENEFITS

Why Organizations Choose Asset360

- **Centralized Records** — Maintain all asset data in one unified system
- **Accurate Depreciation** — Automated calculations across multiple accounting methods
- **Financial Compliance** — Audit-ready reports aligned with accounting standards
- **Asset Tracking** — Monitor asset usage and location efficiently
- **Disposal Accounting** — Manage asset disposal and profit/loss accounting
- **5 Book Support** — Financial, Tax, IFRS books managed in parallel

Asset360 helps organizations maintain **better financial control and operational visibility** over fixed assets - from acquisition to disposal.
